

Original Blue Sushi Sake Grill twice as big after changes

January 22, 2016

Sarah Baker Hansen

The original location of **Blue Sushi Sake Grill**, at 14450 Eagle Run Drive, has reopened with twice the seats and a new private sushi bar.

The original Blue, which opened 14 years ago, is now double the size. The new private dining room accommodates parties of up to 24 diners. The look and feel of the space has also been updated, and the design includes more graphics and color throughout the space, along with two projector screens to show movies.

The new Blue is located three doors down from the original, in the corner space formerly known as Red Lounge and the Flagship Restaurant Group headquarters.
