June is officially here, which means that the official start of summer is fast upon us. As everyone knows, with summer comes burger season and vacation season. What better way to combine the two than to turn your vacation into a burgercation.\*

In preparation for your food-focused travels, we've pulled together a list of 17 of the most interesting burgers around the country. From Florida to California and virtually everywhere in between, these restaurants offer some of the best combinations of ingredients you'll find shoved between two buns. If you can't travel, there's nothing stopping you from taking any of these ideas and trying them out on your home grill. Please send photos.

Border Burger — Blatt Beer & Table, Dallas, Texas and Omaha, Nebraska

Another interesting burger to make your taste buds dance (until tears stream down your face, possibly), this one's got an Angus beef patty topped with chipotle crema, fire-roasted chile con queso, and crispy poblano pepper rajas. To chill the burn: lettuce, red onion, tomato, and that brioche bun.
