

The Most Instagrammed Restaurants In America's Top Cities

January 26, 2017

When we came across the list of the [most popular restaurants on Instagram](#) in 2016 our mouths began to water and our filter-happy fingers were dying to snap our own shots of those eats. But the lineup was dominated by spots in New York City, Miami and L.A. and we had to wonder ... why should those foodies get to have all the fun? That's why we teamed up with Instagram to find out which restaurants get the most 'grams in every state. After sifting through data from the two most populous cities in each state, we crowned the winners. Now that you know the most eye-catching places to eat, the question remains ... Hefe or Valencia?
